RECOMMENDATIONS

1. Private colleges constitute the majority of institutions and offer significant opportunities for academic and industry collaborations.
2. Colleges with higher NAAC grades generally demonstrate stronger placement performance. Institutions should focus on accreditation improvement initiatives.
3. Placement performance across South India remains strong, with an average placement rate of approximately 77%.
4. Tier 3 colleges form the largest segment and present opportunities for targeted skill development and placement enhancement programs.
5. Best practices from high-performing institutions should be shared across colleges to improve overall educational quality and student outcomes
